Additional Backup Information

The City and Travis County entered into an Interlocal Agreement (agreement) for the delivery of Emergency Medical Services within the City and Suburban Travis County on October 1, 2008. The agreement provided for multiple additional one-year terms. The current term will expire on September 30, 2013. Once the current term has expired, the agreement also allows the City Council and Travis County Commissioners Court to elect to hold over for one hundred and twenty (120) days. If the City Council and Commissioners Court take action to approve the hold over, the agreement provides that the County EMS Manager and the City EMS Director must memorialize the hold over in writing. During the hold over term, the agreement remains in full force and effect, and each party must continue to satisfy all of its obligations during the holdover term until an amendment for a renewal term of the current agreement is approved, a written notice of termination of the current agreement is provided by either party, or a new Interlocal is approved by City Council and Commissioners Court.

Staff with EMS and the County are currently negotiating the terms of a new Interlocal agreement for the delivery of Emergency Medical Services and EMS anticipates bringing a new Interlocal to Council before the end of 2013.
